CAREER PROFILE

A tertiary-educated IT professional/Software Engineer, I'm skilled at unlocking problems to deliver sound solutions that meet business goals. In addition to 450+ hrs of Immersive Skills training from General Assembly's Software Engineering Course, I bring to the table a creative mind, a rock-solid work ethic and a love of learning. My strength lies in my staying power - if there's a problem to be solved, I stick with it, and bring that attitude to any challenge life brings.

SKILLS

- Web Development with HTML5, CSS and JavaScript
- SQL
- Slack
- JIRA
- Node.js
- Writing automated test scripts
- Magento Admin Panel

SOFTWARE ENGINEERING PROJECTS

LYRICS APP • OCT 2022
A lyrics app allowing the user to search for song lyrics. It's a React app written in JavaScript, HTML and CSS.

KETO RECIPES • OCT 2022
A CRUD (Create, Read, Update, Delete) app allowing users to add, edit and delete recipes. This group project is an Express app developed in Node.js. It was written in JavaScript, HTML, CSS and SQL.
